01 Place and terrain

These Croatian lakes lie in a forested karst landscape. The map pin represents the area approximately; navigate using your ticketed entrance and park route.

02 Visit equipment

Carry your entry ticket, route map, and rain and sun protection. Before a forest hike, check the route length and trail markings.

03 Clothing and footwear

Choose supportive walking footwear and clothing for the forecast. Paths are uneven and rocks can be slippery; smooth city shoes are a poor choice.

04 Access and transport

Check electric-boat and panoramic-vehicle services when choosing a circuit. Do not assume a return shortcut is operating; weather can interrupt services or close paths.

05 Seasons and conditions

Winter conditions affect Upper Lakes and trail access. Summer can be busy; choose an entry slot and check alerts before visiting in any season.

06 Nature and identification limits

Forest and water form connected habitats; leave animals undisturbed and plants in place. This guide is not a complete local species list or a plant-use identifier.

07 Important precautions

Stay on marked paths; swimming and wildlife feeding are prohibited. Ask staff about mobility access: narrow paths and steps are not suitable for everyone.

08 Activities and an easier option

Choose an open lake circuit within your ability. Beginners can ask the information centre for a shorter suitable circuit instead of a long forest hike; confirm the official entrance and ticket slot.

Travel companions

A buddy-planning recommendation, not a safety guarantee. Remote or technical routes need group planning with a local expert. Avoid going alone.

Before you leave

Choose your route and turn-back point; check entry permissions and closures.

Check the forecast and save an offline map.

Review clothing, water, food and communication with your companions.

Agree a return time and alternative plan, and share them with a trusted contact.

Educational terrain examples, not a complete inventory or verified species list for these coordinates. Do not eat plants or animals based on this guide.
