

DAROUB

Jebel Hafeet and Green Mubazzarah

A compact field guide

A mountain area by Al Ain with a green base, protected habitat and heritage; plan for heat and marked routes.

Reference edition dated 2026-09-18

A concise Daroub guide based on the listed sources. The location is approximate, not a trailhead. Check current weather and local closures before leaving.

24.099, 55.747 | Asia/Dubai

Inside this book

- 01 Place and terrain
- 02 Equipment and preparation
- 03 Clothing and footwear
- 04 Access and transport
- 05 Season and conditions
- 06 Nature and identification limits
- 07 Visit precautions
- 08 Activity choice and booking
- 09 Rules and permits

01 Place and terrain

Jebel Hafeet and Green Mubazzarah form a mountain-edge visit near Al Ain: Visit Abu Dhabi describes Jebel Hafit Desert Park and Green Mubazzarah at the foot of the mountain, while UNESCO links the area to Al Ain cultural sites. The marker is an approximate area marker, not a trailhead; the image is illustrative.

[Visit Abu Dhabi · Green Mubazzarah Chalets](#)

[UNESCO World Heritage Centre · Cultural Sites of Al Ain](#)

02 Equipment and preparation

Practical inference: because the visit combines a green base, mountain routes and a protected site, carry enough water, an offline map and phone power. Do not assume chalets or picnic areas provide walking equipment; confirm with the activity operator on the day.

[Visit Abu Dhabi · Green Mubazzarah Chalets](#)

[Environment Agency - Abu Dhabi · Jabal Hafeet National Park factsheet](#)

03 Clothing and footwear

General advice, not a local requirement: choose closed footwear with grip for rock and gravel, plus sun-covering clothing and a hat. If light fades or wind changes, add a light layer; keep sandals only for paved areas or accommodation facilities.

[Environment Agency - Abu Dhabi · Jabal Hafeet National Park factsheet](#)

[National Center of Meteorology · UAE weather forecasts](#)

04 Access and transport

Official sources place Green Mubazzarah at the mountain foot and the desert park on Jebel Hafit. Plan access as a general arrival area, not turn-by-turn driving guidance, and check road status, parking and booking before departure, especially if weather changes or an activity is operated.

[Visit Abu Dhabi · Jebel Hafit Desert Park](#)

[Visit Abu Dhabi](#) · [Green Mubazzarah Chalets](#)

[National Center of Meteorology](#) · [UAE weather forecasts](#)

05 Season and conditions

For hot-season planning, use National Center of Meteorology forecasts rather than broad averages, and change or cancel walking if severe heat, wind or poor visibility is forecast. The day-specific decision matters more than the season name; check on the day.

[National Center of Meteorology](#) · [UAE weather forecasts](#)

06 Nature and identification limits

EAD describes Jabal Hafeet as a protected mountain area with mammals, birds, reptiles, plants and invertebrates, and notes Arabian tahr and dwarf palm. Identification limits matter: do not treat this list as a sighting promise, and do not collect plants or specimens.

[Environment Agency - Abu Dhabi](#) · [Jabal Hafeet National Park factsheet](#)

[Environment Agency - Abu Dhabi](#) · [Sheikh Zayed Protected Areas Network](#)

07 Visit precautions

Visit precautions start with heat, exposure and rock. Practical inference: stay on marked trails and do not enter crevices or wadis when weather changes. In UAE emergencies call police 999, ambulance 998 or civil defence 997, and give the nearest known landmark.

[UAE Government portal](#) · [Handling emergencies \(police 999, ambulance 998, civil defence 997\)](#)

[Environment Agency - Abu Dhabi](#) · [Jabal Hafeet National Park factsheet](#)

[National Center of Meteorology](#) · [UAE weather forecasts](#)

08 Activity choice and booking

Choose the activity by ability and available time: Visit Abu Dhabi mentions family outings at Green Mubazzarah, tent stays at the base, and walking or experiences in Jebel Hafit Desert Park. For beginners, start with a short advertised activity, and check booking and weather on the day.

[National Center of Meteorology · UAE weather forecasts](#)

09 Rules and permits

Local rules matter because the area combines protection and heritage: the EAD factsheet says no fires, feeding, tree cutting, graffiti, soil or water pollution, or walking off marked trails, and requires permission for camping and drones. Civil aviation rules require drone registration and approved zones; check on the day.

Wildlife & plants

Arabian tahr

[Information linked to regional sources](#)

EAD notes Jabal Hafit National Park is home to the rare Arabian tahr; treat sightings as unguaranteed, because the record proves presence, not easy viewing.

Observe from a distance and do not chase or feed it; stay on marked trails to reduce pressure on rocky habitat.

[Environment Agency - Abu Dhabi · Sheikh Zayed Protected Areas Network](#)

Dwarf palm

[Information linked to regional sources](#)

EAD lists Jabal Hafit as home to the rare dwarf palm. A photo is not enough for identification; treat any wild plant as part of a protected area.

Do not collect leaves or seeds or walk over plants; if you need a record, take a photograph without touching.

Environment Agency - Abu Dhabi · Jabal Hafeet National Park factsheet

Environment Agency - Abu Dhabi · Sheikh Zayed Protected Areas Network

Arabian caracal

Information linked to regional sources

EAD recorded an Arabian caracal sighting in Jabal Hafit National Park in 2019 after a long gap; this shows habitat sensitivity, not an expected encounter.

If you see one, back away calmly and do not approach for close photography; report only as local signs or authorities request.

Environment Agency - Abu Dhabi · Arabian Caracal

Rocky-slope reptiles

Information linked to regional sources

The EAD factsheet documents reptiles in Jabal Hafeet National Park, but it is not enough to identify a species for visitors; treat holes and rocks with care.

Do not put hands under rocks or into crevices; use a light when visibility is low and let the animal move away undisturbed.

Environment Agency - Abu Dhabi · Jabal Hafeet National Park factsheet

Travel companions

A buddy-planning recommendation, not a safety guarantee. Remote or technical routes need group planning with a local expert. Avoid going alone.

Before you leave

Choose your route and turn-back point; check entry permissions and closures.

Check the forecast and save an offline map.

Review clothing, water, food and communication with your companions.

Agree a return time and alternative plan, and share them with a trusted contact.

Educational terrain examples, not a complete inventory or verified species list for these coordinates. Do not eat plants or animals based on this guide.
